

WAF AWARDS

WINNER HEALTH COMPLETED BUILDINGS

The World Architecture Festival (WAF) Awards

Business address:

EMAP Publishing Limited, Telephone House, 69 - 77 Paul Street, London, EC2A 4NQ

WAF is where the world's architecture community meets to share expertise and learn from each other. It is the only global architecture festival that combines awards, seminars and networking. INSIDE, WAF's sister festival, is a feast of creativity, inspiration and knowledge celebrating the world's finest interiors.

Westbury Clinic

Westbury Clinic demonstrates that social, economic and environmental value can be generated for local communities through a holistic approach to development. The building creates an environment that heals. One that promotes health, human dignity and justice through simple design solutions. It creates a civic presence in an environment that is otherwise indistinct.
